Summary

To begin my professional career as a Security Operations Center (SOC) Analyst in a growth-oriented organization where I can apply my cybersecurity knowledge, contribute to threat monitoring and incident response activities, and continuously enhance my expertise in security operations and emerging cyber threats.

Technical Skills

Security Monitoring & Analysis: Log Analysis, Event Correlation, Incident Detection, Alert Investigation

SIEM & Security Tools: Splunk, Wazuh, ELK Stack, Wireshark, Nmap.

Network Security: TCP/IP, DNS, HTTP/HTTPS, Network Traffic Analysis, Firewall Concepts, IDS/IPS.

Security Frameworks & Concepts: MITRE ATT&CK Framework, Cybersecurity Fundamentals, Security Information and Event Management (SIEM).

Projects

SIEM-Based Security Monitoring Lab Wazuh, Splunk, Windows 10, Sysmon, Kali Linux

- Built a SOC lab using Wazuh Manager, Splunk, Windows endpoint, and Kali Linux.
- Configured Sysmon to collect detailed endpoint logs and forwarded them to the SIEM.
- Created detection rules and dashboards to monitor suspicious activities in real time.
- Simulated security events including failed login attempts, port scanning, and PowerShell execution.
- Investigated alerts using MITRE ATT&CK techniques and documented findings.

Network Traffic Analysis using Wireshark Wireshark

- Captured and analyzed network traffic to identify protocols, communication patterns, and potential security events.
- Performed packet inspection and traffic monitoring to gain insights into network behavior and data flow.
- Investigated suspicious network activities and documented findings related to security anomalies.Generated analytical reports highlighting network observations and potential security risks.

Education

Parul University **Vadodara, Gujarat, India**
Master of Computer Applications (MCA) — GPA: 8.04 / 10.0 *2027 (Expected)*

Cimage College **Patna, Bihar, India**
Bachelor of Computer Applications (BCA) — GPA: 6.84 / 10.0 *2021 – 2024*

Certifications

Cybersecurity Professional Certificate — Drop Organization *2024*

Computer Networks and Internet Protocol — NPTEL *2026*

MERN Stack Development — Apna College *2024*
